4. Rationale for the Interested Person Transactions and benefits to the Group

4.1 Items I in paragraph 3.1 of this announcement

The Company’s subsidiary, Sen Yang Enterprise Co., Ltd (“Senyang”) ceased production of tissue paper on 6th September 2019. Senyang continued to sell the remaining stocks to overseas and local markets including NTPVN till 1st quarter 2020.

NTPVN continues to purchase jumbo reels from the Group as its business volume has increased and the Group is able to meet the quality of jumbo reels required. The prices paid by NTPVN to the Group were higher than those paid by the Group’s other existing customers for the same or substantially the same products and are therefore in the commercial interests of the Group. Such transactions with NTPVN provide additional revenue to the Group and expand its customer base.

4.2 Item II in paragraph 3.1 of this announcement

The Group purchases finished goods from the Pulppy Group and sells them to third parties. The prices paid by the Group to NTPVN were no higher than the price paid or to be paid by the Group to unrelated third parties for the same or substantially the same products. Such transactions with NTPVN enable the Group to sell finished goods to third parties and such sales generate additional revenue for the Group.

4.3 Item III in paragraph 3.1 of this announcement

The Group's core business includes the provision of specialty packaging materials such as chipboard, duplex board and core. Sales of these materials to NTPVN yield a higher gross profit margin than those to other customers of the Group and are therefore in the commercial interests of the Group. Such transactions with NTPVN provide additional revenue to the Group and expand its customer base.

4.4 Item IV in paragraph 3.1 of this announcement

The Group also manufactures and sells corrugated boxes and sheets in the ordinary course of its business. The prices paid by NTPVN to the Group were similar to those paid by the Group's other existing customers for the same or substantially the same products and are therefore in the commercial interests of the Group. Such transactions with NTPVN provide additional revenue to the Group and expand its customer base.

4.5 Item V in paragraph 3.1 of this announcement

The Group's wholly-owned entity, Pacific Eagle Investment Limited ("PEIL"), owns a warehouse in Hong Kong. PEIL lets the warehouse to NTPHK for two years from 1 April 2020 to 31 March 2022 at market rates. The leasing of the warehouse provides additional revenue to the Group.

4.6 Item VI in paragraph 3.1 of this announcement

Mdm Lu was the co-founder and managing director of New Toyo Aluminium Paper Product Co. (Pte) Ltd ("**NTA**"), a wholly-owned principal subsidiary of the Company. Mdm Lu played a pivotal role in the growth and management leadership of NTA. In view of Mdm Lu's more than 40 years of experience in the packaging industry and her working relationship with customers and suppliers, NTA retains the services of Mdm Lu as an advisor to provide strategic advice and guidance to its management.

4.7 Item VII in paragraph 3.1 of this announcement

The Group's core business includes the sale of raw materials and paper products. Sales of these materials to NTPVN yield a gross profit margin similar to those obtained from other customers of the Group and are therefore in the commercial interests of the Group. Such transactions with NTPVN provide additional revenue to the Group and expand its customer base.

5. **Audit Committee's Statement**

Having reviewed the salient terms of the YTD-IPTs, the rationale for the YTD-IPTs and the benefits to the Group, the Audit Committee of the Company is of the view that the YTD-IPTs are on normal commercial terms and are not prejudicial to the interests of the Company and its minority shareholders.

6. **Interest of Directors and Substantial Shareholders**

Save as disclosed in this announcement and other than through their respective shareholdings in the Company, none of the Directors or controlling shareholders of the Company have any interest, direct or indirect, in the YTD-IPTs.
